

Charter School 2011-2012 Connect-ED Order Form

The mass notification service, Connect-ED, is available to charter schools of the San Diego Unified School District through the district's agreement with service provider Blackboard Connect, Inc., currently contracted through school year 2013 at a specially negotiated rate.

The following terms and limitations apply for charter school access requests:

- **Cost is \$2.75 per student, per year (confirmed through school year 2013)**, based on the Active Enrollment Report student count per school (report date for 2011 is September 30, the fourth Friday following the first day of school), as verified and invoiced through the Charter School Finance Office prior to activation.
- Charter schools that utilize the Zangle Master Schedule system (including the attendance feature) and the PeopleSoft employee information system have access to the following services: school-wide Connect-ED, Connect-ED Teacher and the automated attendance call feature, plus other enhanced services which may be offered by Blackboard Connect, Inc. in the future through the district contract.
- Charter schools operating with alternative student and employee information systems will have access to school-wide Connect-ED. Based on programming restrictions, the enhanced services, Connect-ED Teacher and automated attendance calls, and future enhanced services that may be offered by Blackboard Connect, Inc. through the district contract, can only be made available to those schools utilizing Zangle Master Schedule (including the attendance feature) and Peoplesoft.
- Schools must submit an order form on a yearly basis, which will be sent to each school in the late spring to apply for the following year. Schools that do not resubmit order forms will have access deactivated for the following year.
- Updates on available services and training options provided at www.sandi.net/ConnectED.

School Name: _____ Date: _____

Contact: _____ Title: _____

E-mail: _____ School phone: _____

- Interested in: Connect-ED mass notification system
 (check all that apply) Connect-ED Teacher access
 Automated attendance call feature

I agree to the cost of \$2.75 per student based on the September 30, 2011, Active Enrollment Report student count for my school.
