### Welcome message

**Welcome back to school!!!!** 😊 Hopefully the summer brought you much needed relaxation. It is time now to get focused back on this year's academics. Seniors, this is the busiest time of year, with college applications, senior classes and of course all of those other extracurricular activities. For the juniors and sophomores we remind you again that this year's academics can open doors or close doors for your future. Do not let those doors close; put your best effort forward in all activities and academics this year. Freshman, welcome to high school. I hope the first couple of weeks haven't been too scary. I must remind you 9th grade counts, no matter what anyone else tells you. I guess the message should be clear to all, no matter what your grade level, you must demonstrate a strong work-ethic and focus on your goals. Good luck and remember that the counselors are always here to help or advise you through the year.
