

Smarter Balanced Item Types: Using the Practice & Training Tests

As students engage with the Smarter Balanced assessments, they will be asked test questions that require them to respond in several ways, some of which may be new to students. Students will need to know how to drag-and-drop, select text, plot points or draw lines, and keyboard.

Smarter Balanced has produced several resources that teachers and students can use to get ready for the test, including the Practice and Training Tests. The Practice Tests and Training Tests are available at <http://californiatac.org/practice-and-training/index.html>.

The following table catalogues each specific item type and briefly describes the student actions necessary to provide a response.
