

Introducing HouseCalls

To help you live a healthier life.

We're excited to offer HouseCalls, a program that provides an in-home health and wellness visit with a licensed health care practitioner for no additional cost. HouseCalls is for everyone, even people who are healthy and regularly see their doctor.

During your HouseCalls visit, you'll meet with one of our licensed health care practitioners in your home. Their goal is to give you information that may help you improve or maintain your health.

A REVIEW OF YOUR HEALTH HISTORY

A knowledgeable health care practitioner will review and update your medical history and current medications, and go over any preventive screenings you may need.

COORDINATED CARE

HouseCalls supports the care you get from your doctor. Using advanced technology, we can help identify any treatment needs that should be reported to your doctor.

A CHANCE TO ASK QUESTIONS

During your HouseCalls visit, you'll have time with the practitioner to ask about any health concerns and get help identifying any questions you may want to ask your doctor.

We're here to help.

HouseCalls is here to help you find ways to stay healthy, or even improve your health from the comfort of your home. We offer day, evening and weekend appointments. And there's no co-pay for a HouseCalls visit. For questions, please call: **1-866-686-2504**, TTY **711**, 8 a.m. to 8:30 p.m. EST, Monday through Friday.

Plans are insured through UnitedHealthcare Insurance Company or one of its affiliated companies, a Medicare Advantage organization with a Medicare contract. Enrollment in the plan depends on the plan's contract renewal with Medicare.
